

SCOTT COHEN: COOK

Easton, Maryland
scott@LifeArts.com

Scott Cohen has been working in and around kitchens for almost fifty years. Scott is always seeking new opportunities to use his skills and energy feeding those who need it most, and he knows how to make stone soup!

In August 2022, Scott traveled to Ukraine through Poland, finding work in a church sanctuary housing refugees in Western Ukraine outside Lviv. He served as chief cook and bottle washer for fifty families fleeing the war zones. Provisioning at local markets, Scott prepared and served from 75 to 200+ meals at a time, including full breakfast and dinners, seven days a week for a month. In a nearby village, Scott manned a food truck, offering a full plate of roast lamb for hundreds of festival attendees celebrating Ukrainian Independence Day; funds raised were dedicated toward protective gear for their soldiers at the front lines. Featured on Ukrainian national TV newscasts, his experience provided nourishment and hope for those who needed it most, with social media exposure helping others better understand their plight.

Background

In the 1970's, Scott began preparing meals for his family, refined his skills in Boy Scouts (he's an Eagle Scout), and then manned various kitchen stations from prep to grill in pancake restaurants, steak houses, and catering companies. Scott has been hired to cook for private parties on both the east and west coasts of America and has provisioned and run the galley on boats in the British Virgin Islands, Costa Rica, and Australia. His travels have taken him to countries around the world; he's a dedicated and multi-ethnic market shopper, knows how to stretch resources and work within a budget.

Culinary Resume

Scott has cooked at the following restaurants and non-profit organizations benefiting those who need a hot meal and a leg up (1974-2022):
